

INSPECT & TEST

Emergency & Exit Lighting

Business owners may not be aware that they are legally obligated to have this testing done every six months under the Australian Standard AS/NZS 2293.2.

Why Is It Important?

Emergency lights are crucial in keeping your workplace safe. These lights will assist your workers and onsite visitors to evacuate safely in the event of an emergency.

How Can We Help?

Emergency lighting and exit signage are governed by law. We can assist you with understanding these requirements. After all, failure to comply could result in you receiving a penalty.

We can attend your site and perform the required testing, to be able to certify that these signs are in proper working order.

We are here to assist you and make sure your workplace is as safe as it can possibly be when it comes to electrical requirements.

To book in your testing today, please contact us on 0410 135 670.
